Complaints regarding consultation and engagement of Mamman Nasir and co, Barr.Sani Katu SAN.

I requested for your firm through my dearest brother and friend Mr.Frankie to represent me and take immediate action to see me released from unjust detainment by the Delta State police command at Delta state police command, Asaba delta state and subsequently remanded at Agbor Correctional on a remand request declared "not legal" by the judge at magistrate court, Agbor, delta state.

I made the payment required for consultation and engagement of your firm. A payment of 100,000 naira on June 20,2022 and subsequent payments totalling 800,000 naira.

I received assurance of your firms speedy action with the San handling the efforts, the agreed fee was 20 million naira. I paid a total of 20 million naira in payments of 5 million naira daily from July 20, 2022 to July 22, 2022, and a final payment of 5 million naira on September 7, 2022.

I received assurance from Barr.Katu SAN of these efforts:

- Representation in court by Mamman Nasir and co, and Barr.Katu SAN.
- Securing bail was discussed with a notice later declaring that the fee I was informed for bail amounting to 2 million naira may have been a misunderstood discussion. I have asked for clarity as bail continued to be explored in discussions with Barr.Solomon.
- Transferring me to Abuja for attendance of my complaints by Force Headquarters.
- Lawsuits and petitions were explored in discussions with Barr.Solomon and Barr.Katu SAN.
- Resolution and closure of the matter.

On September 7, 2022 and other dates before September 7,2022, I received assurance from Barr.Katu SAN of my transfer happening in less than a few weeks. This notice and others before it were not upheld. After September 7, 2022, Barr.Katu SAN notified me he would like someone with a valid Identification card to visit Abuja to attest to arrangements regarding my transfer or

release but he did not provide clarity on the topic even though I asked and continually notified Mr. Frankie to return feedback on what was to be expected at Abuja. The challenges faced includes the individuals having to secure their passports and Identification cards. The available individuals were ready 2 days later than Barr. Katu SAN expected. I did not receive further feedback as to alternative arrangements or what can be done to see me get attention as requested when I consulted Mamman Nasir and co, and Barr. Katu SAN.

Mamman Nasir and co, Barr. Katu SAN has not represented me at court, I am not passionate about resolving this matter at court but the terms of engagement includes representing me at court in this matter. Barr. Katu SAN notified me of police officers from force headquarters visiting me at the Agbor Correctional and receiving a factual statement from me. I complained to Barr. Katu SAN about the falsification of a statement by the IPOs, Onyeama and Blessing. I welcomed the officers and gave an 8 page statement on the attacks I suffered. Photo evidence was attached. The expectation was being transferred to Abuja after providing the statement to the police officers. That has not happened. The feedback I received regarding the matter from Mr. Frankie was that the 8 page statement was vague. I have made considerable improvements to my complaint with the inclusion of dates and supporting evidence. The updated complaint is labelled "Facts and Evidences". A copy is included with this notice.

What can Mamman Nasir and co, Barr. Katu SAN do ?

I have made considerable progress and expect to be released but if you're able to act with the "Facts and Evidences" provided to secure my immediate release or transfer in days, it would be refreshing and a starter effort to regain the trust and confidence I had in your firm when I consulted you. Though your inaction has seen my confidence wane, I am willing to accord that trust once again if you act speedily.

Still waiting,

Mouka Emmanuel
